

INFORMATION FOR APPLICANTS

Head's Foreword

The Telford Langley School has been through a period of change and development. Extensive measures have been taken to embed an ethos of consistently high expectations that can be seen through the praise for the leadership of the school in HMI monitoring documents. The "considerable impact" of key initiatives including literacy support, assessment procedures and personalising the curriculum to provide challenging targets for students was commended in one of the HMI visits.

The curriculum is complimented by an extensive extra-curricular programme which fully utilises the state of the art facilities for sport, the arts, science, technology and ICT to provide students with the opportunity to develop their individual talents and engage with others in activities which not only build confidence, but develop leadership and communication skills.

Not only do we strive to develop students academically, but we also ensure that their spiritual, social, moral and cultural needs are met through an extensive vertical tutor programme and a variety of outside speakers.

The Telford Langley School also has a reputation for strong pastoral care systems; providing guidance and support for all students. The house system builds on this to foster excellent working relationships and create a happy and well-disciplined atmosphere.

A combination great facilities, strong leadership and sponsor with a proven track record for "Ensuring Excellence" point to a future which is extremely bright for everyone associated with the school and the communities we serve.

Mr Steve Carter, Executive Headteacher
