ENSURING EXCELLENCE

Remembrance Assembly

On Wednesday the 11th November a whole school assembly was held to allow all of the pupils and staff to join together in an act of collective remembrance.

The assembly was delivered by staff and pupils from both The Telford Park School and The Telford Langley School. It provided a fitting tribute to commemorate all those that have lost their lives in various conflicts around the world.

Pupils watched and listened respectfully during readings, a moving piece of drama and a sombre musical piece. All then stood to perfectly observe the two minutes silence and listened to a rendition of the Last Post.

The conduct of the pupils was exemplary as we came together to say... 'We will remember them'.

Young Volunteer of the Year Award

Shannon Noon has recently received the Young Volunteer of the Year Award at the Shropshire, Telford & Wrekin Sports Awards evening. Shannon Noon has been recognised for the major role in the Dawley Re-active over-50s Connecting Communities programme. She has inspired young people to get more involved in their communities and has given them the skills to take control of the project and deliver sports sessions to the over-50s community.

Also acknowledged was Mrs Gaff for her contribution to the Dawley Re-active project.

ENSURING EXCELLENCE

Sports News, Results and Fixtures

Football

- Y10 lost in the first round of the T&W Schools to Ercall Wood 7-4. Fantastic sportsmanship and determination from our lads.
- Y7 lost 5-1 to Ercall Wood in the President Trophy.
- Y9 lost to Madeley on the 10th November.
- Y11's won 2-0 against Ercall Wood on 12th November.
- Y8's upcoming fixture against Idsall on the 17th November.
- Y10 upcoming fixture against Madeley Academy on the 26th November.
- Y7 upcoming fixture against Madeley Academy in the T&W Schools second round end of the month.

Badminton

- U14 and U16 Badminton- Telford Schools. We lost against Idsall last week but successfully came out winners against The Telford Park School last Friday.

Trips

- PE Rugby Trip to Twickenham on 10th December to watch Oxford and Cambridge Universities play in the Varsity Game (money needs to be returned with slips ASAP)
- There is a PE Trip to the Etihad Stadium to watch the Manchester City Champions League game against Borussia Monchengladbach. This trip is now full.

Celebrating Success

Joshua Bailey was nominated for Shropshire County football trials by the Physical Education Department last summer and with no surprise to the staff that teach him he was successful in making the team. This is a testament to Joshua and his footballing talents. He was unable to make the final selection trials due to injury and yet he was still selected against a pool of incredibly talented young footballers in Shropshire. Joshua is also part of the Shrewsbury Town day release program for gifted and talented young players in Shropshire which allows him to further develop his technical, tactical, strength and conditioning skills within an elite football environment. Joshua has so far played one game for the Shropshire County Team, a game that the team won 5-2 against a strong team fielded by Shrewsbury School. He will also be representing the team as they go up against their counterparts from Lancashire. Joshua's role model is Luke Shaw and he would love nothing more than to emulate his success in the left back position. As a school we are very proud of Joshua's accomplishments in his sporting endeavours and we wish him the best of luck with the rest of the season.

Well done Joshua!

EXAMS REMINDER

Year 11 Mock Exams
Monday 30th November –
11th December 2015

Eco Club

Switch Off Fortnight is 16th-29th November. It is part of Energy Month. It is a time to think about how we waste energy and, hopefully, become inspired to make some changes.

Members of Eco Club will be checking in on form groups and classrooms to check that nothing is left on unnecessarily. Do you really need the lights on? Save energy and make a small difference to the planet. We are always on the lookout for new members and are now inviting any interested Year 9 and 10 students to join up too.
